SECOND SUPPLEMENTAL
REPORT OF REFEREE
SUBBASIN NO. 15 (WENAS)

To the Honorable Judge of the above-entitled Court, the following report is respectfully submitted:

The Supplemental Report of Referee for Subbasin No. 15 (Wenas Creek) was issued on February 14, 1997. As provided in RCW 90.03.200 and Pretrial Order No. 8, this Court conducted a hearing on June 12, 1997 to consider exceptions filed to the Supplemental Report of the Referee for Subbasin No. 15. As set forth in the Notice of Setting Time for Hearing Exceptions to the Supplemental Report of Referee: Subbasin No. 15 (Wenas Creek), signed by Judge Walter Stauffacher, exceptions were to be filed by March 31, 1997. The following exceptions were timely filed:

1. John and Lynn Ashbaugh, Claim No. 02212 - to a right not being confirmed for use of a spring located in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 32, T. 15 N., R. 18 E.W.M.

9 can be used on the land; to a period of use limitation being placed on the
10 water rights; to rights not being confirmed for lands lying east of the North

15 Martin) - to the Limitation Of Use language that identifies the maximum

4 number of acres in the NW $\frac{1}{4}$ of Section 10, T. 14 N., R. 18 E.W.M. for which a
5 right was confirmed; and to the priority date assigned to the water right
6 which was confirmed for the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 10, T. 14 N., R. 18 E.W.M.

7 9. Wenas Irrigation District, Claim No. 00472 (represented by Lawrence E.

14 watering; to the right confirmed identifying specific quantitles of water
15 that can be diverted from each point of diversion; to the priority date
16 assigned (a typographical error occurred and they are asserting an earlier
17 priority date).

18 Claim No. 00804, 00805, 00806 and 00807 - to the annual quantity of water
19 recommended for each of these claims being based on 3.5 acre-feet per year

5 Wood, Claim No. 02218; William Lawrence, Claim No. 01604; and Ray Day, Claim

7 acre-feet per acre irrigated.

8 12. Mayos Exception to Bruce Buchanan, Claim No. 02212; Christensen Family
9 Trust, Claim No. 01222; Chuck Kisner, Claim No. 00494; Cliff Egge, Paul

13 13. Mayos Exception to Hazel Cameron, Claim No. 00438 and Lazy Heart B
14 Ranch, Claim No. 00432 - to the priority date awarded to these claimants and
15 the confirmed rights having more than one point of diversion, but no specific
16 instantaneous quantity for each point.

17 14. Mayos Exception to Bruce Buchanan, Claim No. 02212, Christensen Family

24 15. Department of Ecology Exceptions (represented by Mary E. McCrea,
25 Assistant Attorney General): (A) to the following claimants not having their
26

1 points of diversions modified in the Supplemental Report of Referee as a
2 result of an earlier exception being granted by the Court, see Findings of
3 Fact and Order, RE: Subbasin 15 Exceptions Hearing filed July 13, 1995:
4 Thomas A. and Carol Ann Bass, Claim No. 01460; Person & Person, Inc., Claim
5 No. 01508; Hershel Zeigler, Claim No. 00562; David M. and Linda D. Longmire,
6 Claim No. 07728 and Lyle Schneider, Claim No. 00697. (B) to Wenas Irrigation
7 District, Claim No. 00472 - asking that language be added requiring district
8 to continue to comply with specifications for the impoundment and spillway
9 that were a condition of Reservoir Certificate No. R4-26435C. (C) Ecology
10 also identified the following errors: typographical error in priority date
11 for Charles D. and John S. Mayo, Claim No. 00804; and error in point of
12 diversion for Homer and Anna Marney, Claim No. 01604.

13 Appearing at the Exception Hearing on June 12, 1997, were Attorney Lawrence
14 E. Martin representing Wenas Irrigation District, Hazel Cameron, and Lazy Heart B.
15 Ranch, Inc.; Attorney J. Jay Carroll representing Ramona Murray, Robert Messer,
16 Christiansen Family Trust, and Purdin Ditch Water Users; Attorney Jeffery R.
17 Cutter representing Galen Hoover; Attorney Vernon E. Fowler, Jr., representing
18 John Strand Mayo and Charles Douglas Mayo; Mary E. McCrea, Assistant Attorney
19 General, representing Ecology.

20 I. ORAL RULINGS BY THE COURT

21 The Court made the following rulings at the exception hearing on June 12,
22 1997:

23 A. John and Lynn Ashbaugh, Claim No. 02212 - their exception is denied. It
24 is not clear that Water Right Claim No. 117654 was intended to cover the spring on
25

1 the Ashbaugh land since the place of use described is not their land and the
2 spring location is inconsistent. Additionally, there is no evidence of
3 diversionary water use prior to the early 1970's.

4 B. Hazel Cameron, Claim No. 00438 and (A)01378 - her exception is
5 granted. The right confirmed with a June 30, 1882, date of priority for the
6 NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 13, T. 15 N., R. 17 E.W.M., shall be amended to authorize the
7 diversion of 0.80 cubic foot per second, 120 acre-feet per year for the irrigation
8 of 40 acres within the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 13.

9 C. Christensen Family Trust, Claim No. 01222 - (1) their exception to the
10 priority date for the N $\frac{1}{4}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 30 is denied due to the doctrine of Res
11 Judicata; (2) their exception to the number of irrigated acres authorized in the
12 S $\frac{1}{4}$ SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 30, T. 15 N., R. 18 E.W.M. is granted and that right shall be
13 amended to authorize the diversion of 0.50 cubic foot per second, 80 acre-feet per
14 year for the irrigation of 20 acres in the S $\frac{1}{4}$ SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 30; (3) their
15 exception to a period of use being imposed on their rights is denied, as the 1921
16 Report of Referee, which was adopted by the Court in its 1925 Decree, identified
17 an irrigation season and water rights inherently have a period of use based on the
18 period of time water is put to beneficial use; (4) their exception to a right not
19 being confirmed on lands they own lying east of the North Wenas Road is denied as
20 the right has been relinquished due to nonuse.

21 D. Galen Hoover, Claim No. 06782 - his exception is granted and the place
22 of use on page 141, line 22 $\frac{1}{2}$ of the supplemental report is changed to read the N $\frac{1}{4}$
23 of Government Lot 4 of Section 3, T. 15 N., R. 17 E.W.M.

24 E. Lazy Heart B Ranch, Inc., Claim No. 00432 and (A)01362 - their exception
25 to the priority date for the right confirmed for use of a spring is denied, as the
26

1 priority date was appropriately based on when the land separated from federal
2 ownership and there was insufficient evidence of water use prior to that date.

3 F. Ramona Murray, Claim No. 01501 - her exception to priority date is.
4 denied due to the doctrine of Res Judicata.

5 G. James and Lucinda Poisel, Claim No. 00684 - (1) their exception
6 concerning a right to irrigate 1.5 acres in the E $\frac{1}{2}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 3 is granted,
7 and the right described on page 81, lines 1 through 10 in the Supplemental Report
8 of Referee is amended to authorize the diversion of 0.42 cubic foot per second,
9 83.83 acre-feet per year for the irrigation of 20.96 acres in the W $\frac{1}{2}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$ and the
10 north 323.3 feet of the west 323.3 feet of the E $\frac{1}{2}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$ all in Section 3,
11 T. 14 N., R. 18 E.W.M.; (2) their exception to the number of acres confirmed a
12 right in the NW $\frac{1}{4}$ of Section 10, T. 14 N., R. 18 E.W.M. is granted and the right
13 described on page 87 of the Supplemental Report of Referee is amended to authorize
14 the diversion of 1.148 cubic feet per second, 229.6 acre-feet per year for the
15 irrigation of 57.4 acres; (3) their exception to the priority date for the right
16 confirmed for their lands in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 10 is denied due to the
17 doctrine of Res Judicata.

18 H. Charles Douglas Mayo and John Strand Mayo, Claim No. 00804 - (1)
19 exception to specific instantaneous quantities of water being assigned to each
20 diversion is denied, as those quantities resulted from the certificates of change
21 that had issued to either the Mayos or their predecessor; (2) exception to
22 priority date relating to the typographical error is granted, but their request
23 for a date earlier than July 10, 1872, is denied and the earlier decree will be
24 followed, due to the doctrine of Res Judicata.

1 I. Charles Douglas Mayo and John Strand Mayo, Claim No. 00804, 00805, 00806
2 00807 - the annual quantity of water awarded under these claims shall be changed
3 from 3.5 acre-feet per year to 4.0 acre-feet per year for each acre irrigated.

4 J. Charles Douglas Mayo and John Strand Mayo, Claim No. 00804, 00806 and
5 00807 - exception to point of diversion location is denied, evidence was not
6 sufficient to prove error.

7 K. John Strand Mayo and Nancy Claire Mayo, Claim No. 05225, 05226 and
8 05227 - the annual quantity of water awarded under these claims shall be changed
9 from 3.5 acre-feet per year to 4.0 acre-feet per year for each acre irrigated.

10 L. John Strand Mayo and Nancy Claire Mayo, Claim No. 05225 and 05227 -
11 exception regarding priority date is denied and the dates in the prior decree will
12 be used due to the doctrine of Res Judicata.

13 M. Ecology's exceptions to changing point of diversion locations consistent
14 with the Court's Findings of Fact and Order, Re: Subbasin 15 Exceptions Hearing,
15 to correcting the identified typographical errors and adding provisions from
16 Reservoir Certificate No. R4-26435C to the rights confirmed to Wenas Irrigation
17 District are granted.

18
19 II. MEMORANDUM OPINION DATED JUNE 30, 1998

20 The following rulings were made in the Court's Memorandum Opinion Re:
21 Exceptions to Supplemental Report of Referee and Motions, Subbasin No. 15 (Wenas)
22 dated June 30, 1998:

23 A. The place of use designation for the Wenas Irrigation District (WID),
24 Court Claim No. 00472 and (A)01364 will be the lands listed on its water rights
25 certificates. WID may seek to amend its place of use pursuant to RCW 90.03.380.
26

1 B. The Limitation of Use language used for rights confirmed on lands with
2 both natural flow Wenas Creek rights and Wenas Irrigation District water shall be
3 amended to read as follows: "In addition to the right confirmed from Wenas Creek,
4 this land receives supplemental water from the Wenas Irrigation District.
5 Historically under these rights, a maximum of _____ acre-feet has been used from
6 both sources for irrigation of this land."

7 C. Mayos exceptions to the claims of Bertelsen, Claim No. 00434, Wood,
8 Claim No. 02218, Day, Claim No. 01191; Lawrence, Claim No. 01604 pertaining to the
9 annual quantity of water awarded are denied.

10 D. Mayos exceptions to the instantaneous rate of diversion for Buchanan,
11 Claim No. 02212; Christensen Family Trust, Claim No. 01222; Kisner, Claim No.
12 00494; Egge, Madison and Homier, Claim No. 01644 are denied.

13 E. Mayos exceptions to a right not being confirmed for non-irrigation
14 season diversionary stock watering under Court Claims No. 00804, 05525 and 05526
15 are denied.

16 F. The exception by Lazy Heart B Ranch, Claim No. 00432 and (A)01362 to the
17 Limitation of Use language as it relates to the right confirmed for use of a
18 spring is denied.

19 G. The exception of Robert M. Messer, Claim No. 01612, to the number of
20 acres for which a right can be confirmed is denied and the right shall be limited
21 to 22 acres.

22 23 III. SCHEDULE OF RIGHTS

24 The Court granted the Purdin Ditch Water Users a non-irrigation season
25 diversionary stock water right, however, that right had not been included in the
26

1 schedule of rights in the previous reports. The Court did not address the
2 priority date for the stock water right, however, the Referee recommends that the
3 priority date be that of the earliest diversionary irrigation right for the ditch,
4 which is June 30, 1870. For record keeping purposes, the right will also share
5 the claim number of the senior right on the ditch. Following is a complete
6 schedule of rights for Subbasin No. 15, Wenas Creek, as amended by the Court's
7 rulings on the exceptions filed to the Supplemental Report of Referee:
